

San Benito Veterans War Memorial

Engraved Brick Fundraising Project

The City of San Benito, San Benito Economic Development Council and the San Benito Veterans Advisory Board have built the beautiful Veterans' War Memorial in our community. The facility is a Memorial dedicated to the men and women from our area who served our country, especially those who were Killed or Missing in Action.

We will continue to use the facility to create meaningful and patriotic ceremonies and gatherings such as for Memorial Day and Veterans' Day.

Now, we are working to raise funds to commission the creation of three bronze statues that will add significantly to the solemn atmosphere we have created in the Memorial. These statues will honor our brave military personnel who have contributed greatly, allowing us to live in a free and democratic society. The Veterans Advisory Board has set a goal of \$150,000.00 for these life-size statues.

The Commemorative Engraved Brick Paving Fundraising Project will help us meet our financial goals. You are invited to be a part of this exciting new project by purchasing an engraved paving brick to honor a loved one, or to signify your own service to the United States of America. The engraved pavers will also serve as a permanent record of your generosity, and will be admired and appreciated for decades to come. The pavers are being incorporated into the landscaping in and around the new facility. Bricks may be purchased for veterans, non veterans, relatives, friends, and businesses.

Each engraved brick will be priced at \$100. This brick will commemorate an important individual in your life. Sample bricks, such as those below, may include one, two or three lines. This brick recognition project is open to all citizens who wish to contribute to this memorial.

Should you have questions or require additional information, please contact
